There are 5 Meeting rooms, 2 large exhibit halls or 4 event rooms, totaling over 24,000 square feet of climate controlled exhibit space. Marritt Hall has 2 certified kitchens and you are welcome to bring in your own choice of caterers. On the grounds there are also 6 seasonal buildings including a Show Arena with a 100'x220' show area with 20' concrete corridors on either side. Are you looking to have an outdoor component to your event? The Fairgrounds has four outdoor screened rings, a grassed courtyard among other outdoor areas.

Large loading doors that open right onto the show floor greatly reduce move-in and move-out times and allows for bringing in large equipment, or displays.
